## Worksheet 10

## Question 1: For each of the schedules, answer the following questions:

- i. What is the precedence graph for the schedule?
- Is the schedule serializable? If so, what are all the equivalent serial schedules? ii.

A.

| $T_1$                 | $T_2$                 |
|-----------------------|-----------------------|
| Read (A)<br>Write (A) |                       |
|                       | Read (B)<br>Write (B) |
| Read (C)<br>Write (C) |                       |

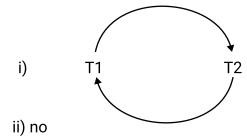

T1 i)

T2

ii) yes

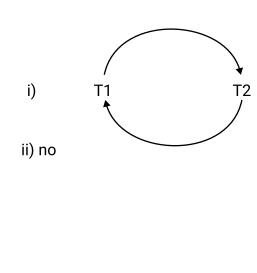

В.

| $T_1$                 | $T_2$                |
|-----------------------|----------------------|
| Read(X)<br>X = X – N  |                      |
|                       | Read(X)<br>X = X + M |
| Write(X)<br>Read(Y)   | W. T. (V)            |
|                       | Write(X)             |
| Y = Y + N<br>Write(Y) |                      |

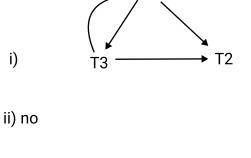

C.  $T_2$  $T_1$ Read(X) X = X - NWrite(X) Read(X) X = X + MWrite(X) Read(Y) Y = Y + N

Write(Y)

 $T_3$  $T_1$  $T_2$ Read(X) Read(Z) Write(Z) Read(Y) Read(Y) Write(Y) Write(X) Write(Z) Write(X)

T1

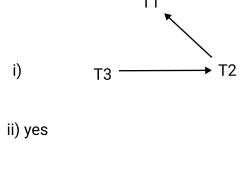

Ε.

viii). Note that:

Your answer:

D.

| $T_1$    | $T_2$                           | $T_3$   |
|----------|---------------------------------|---------|
| Read(A)  | Read(B)                         | Read(B) |
| Write(A) | Read(C)<br>Read(B)<br>Write (B) |         |
| Write(C) |                                 |         |
|          |                                 |         |

i. There may be more than one matches ii. There may be some terms that do not have any match with the given schedules.

Question 2: (Optional) Match the following schedules with terms in box on the right (i -

Time

Transaction A

Transaction B

| l            |   |               |      |               | _        |       |
|--------------|---|---------------|------|---------------|----------|-------|
| Your answer: |   | read (X)      | t1   |               |          |       |
|              |   | X = X + 1     | t2   |               |          |       |
|              |   |               | t3   | read (X)      |          |       |
|              |   | write (X)     | t4   |               |          |       |
|              |   |               | t5   | write (X)     |          | i.    |
|              |   |               |      |               |          | ii.   |
| Your answer: | 2 | Transaction A | Time | Transaction B |          | 11.   |
|              |   |               | t1   | read (X)      |          | iii.  |
|              | 7 |               | t2   | X = X - 1     |          |       |
|              |   |               | t3   | write (X)     |          | iv.   |
|              |   | read (X)      | t4   |               |          |       |
|              |   | write (X)     | t5   |               |          | v.    |
|              |   |               | t6   | ROLLBACK      |          |       |
|              |   |               |      |               |          | vi.   |
| Your answer: | 3 | Transaction A | Time | Transaction B |          |       |
|              |   | read (X)      | t1   |               |          | vii.  |
|              | 1 |               | t2   | read (X)      |          |       |
|              |   | X = X + 1     | t3   |               |          | viii. |
|              |   | write (X)     | t4   |               |          |       |
|              |   |               | t5   | read (X)      |          |       |
|              |   |               |      |               |          |       |
| Your answer: | 4 | Transaction A | Time | Transaction B |          |       |
|              |   | read (X)      | t1   |               |          |       |
|              |   |               |      |               | <i>-</i> |       |

t2

t3

t4

t5

read (Y)

read (Y)

X = X + 1

write (X)

|       | TERMS:                |
|-------|-----------------------|
| i.    | Serializable schedule |
| ii.   | Dirty Read conflict   |
| iii.  | Unrepeatable read     |
| iv.   | Phantom read          |
| v.    | Serial schedule       |
| vi.   | Lost update conflict  |
| vii.  | Non-serial schedule   |
| viii. | Use of UNDO logs      |
|       |                       |
|       |                       |
|       |                       |
